

VIBHU SUNEJA

MERN STACK DEVELOPER & TECHNICAL INNOVATOR

📍 Kurukshetra, Haryana, India — 📞 +91 94681-50076 — ✉️ vibhusun01@gmail.com
🌐 [LinkedIn](#) — 🏠 [GitHub](#)

PROFESSIONAL SUMMARY

Innovative MERN Stack Developer and Research Coordinator with a proven aptitude for engineering scalable, AI-integrated web architectures. A proactive technical leader proficient in the full JavaScript ecosystem, adept at bridging the divide between complex backend logic and premium user experiences. Demonstrably skilled in orchestrating interdisciplinary academic research and leading award-winning technical teams for national-level hackathons like SIH.

EDUCATION

Seth Jai Parkash Mukand Lal Institute of Engineering & Technology (JMIT) Yamuna Nagar, Haryana
Bachelor of Technology, Computer Science & Engineering 2023 – 2027

TECHNICAL SKILLS

- **Core Stack:** MERN (MongoDB, Express.js, React.js, Node.js), Next.js 15.
- **Languages:** JavaScript (ES6+), Python, C/C++.
- **Real-Time & AI:** Socket.io, WebRTC, Gemini AI Integration, RESTful APIs.
- **Tools & Platforms:** Git, GitHub, Postman, Canva, Vercel.
- **Cybersecurity:** OWASP Top 10, Kali Linux, Penetration Testing Fundamentals.

PROJECT PORTFOLIO

1. **AI-Driven Learning Ecosystem — Educational Platform** [\[GitHub Repository\]](#)
 - **System Architecture:** Engineered a production-hardened MERN platform featuring **Gemini AI** for content discovery and a complex social gamification layer (XP/Leaderboards) to optimize user retention.
 - **Impact & Compliance:** Validated the solution's utility by instructing a cohort of **40 students** in Git/GitHub workflows; achieved enterprise-grade security with Vercel Edge SEO optimization and strict GDPR/DPDP compliance.
2. **AgroCart — AI-Powered Hyper-Local Marketplace** [\[GitHub Repository\]](#)
 - **Technical Innovation:** Architected a hyper-local marketplace for the global Millet industry using **Next.js 15**, integrating **Gemini AI** for intelligent crop analysis and **Socket.io** for real-time trade negotiations.
 - **Operational Impact:** Orchestrated end-to-end supply chain logic, encompassing dynamic farmer listings, automated delivery tracking, and precise stock reconciliation to revolutionize traditional agricultural trade.

EXPERIENCE & LEADERSHIP

- | | |
|---|----------------------|
| Coordinator, Creative Fingers Club — JMIT | Sep 2025 – Mar 2026 |
| <ul style="list-style-type: none">• Organized coding workshops, hackathons, and professional development events.• Mentored 15+ students in web development and career guidance.• Led team initiatives in various technical projects and community outreach. | |
| Coordinator, Highfliers Club — JMIT | Aug 2023 – Mar 2025 |
| <ul style="list-style-type: none">• Spearheaded multimedia projects including MUN-23 event video production.• Managed creative workshops combining technology and artistic expression.• Led communication strategies for inter-college events and competitions. | |
| Summer Training at Internshala — Online | July 2025 – Aug 2025 |
| <ul style="list-style-type: none">• Technical Training: Completed an intensive 6-week industrial training program focused on Full Stack Web Development, mastering advanced React patterns and backend optimization.• Project Execution: Developed a scalable capstone project demonstrating proficiency in the MERN ecosystem and responsive UI design principles. | |
| Researcher & Content Author — Net Impact Delhi University (NIDU) | July 2025 – May 2026 |
| <ul style="list-style-type: none">• Authored a comprehensive Renewable Energy Industry Report, investigating critical shifts in India's green energy landscape, including solar capacity expansion and policy frameworks.• Analyzed complex market data to synthesize insights on sustainable technology trends, directly contributing to the organization's mission of fostering environmental awareness.• Collaborated with the R&D cohort to produce high-quality, data-driven content, successfully publishing findings for the university chapter's digital platform. | |

Summer Training in C++ & OOPs — OOPS Institute of Computer Technology July 2024 – Aug 2024

- **Technical Proficiency:** Completed intensive training on Object-Oriented Programming (OOP) paradigms in C++, mastering inheritance, polymorphism, and memory management.
- **Project Execution:** Architected a robust **Banking Management System** featuring secure file handling, transaction processing, and efficient account data management.

Ex-Coordinator, TIN Club — JMIT 2023 – 2024

- **Impact:** Managed professional branding and client-focused design projects, leveraging tools like **Canva** to execute high-engagement LinkedIn outreach strategies.

CERTIFICATIONS & ACHIEVEMENTS

- **Smart India Hackathon (SIH) 2025 Team Lead:** Spearheaded Team JM_HEXAKNIGHTS to architect "Rural-Connect," an audio-first virtual classroom using WebRTC/LiveKit for low-bandwidth 2G/3G networks.
- **Smart India Hackathon (SIH) 2023 Team Lead:** Spearheaded Team JM_Z-Bit to architect a solar-powered AI-Assisted Tele-Medicine Kiosk using C++, Python, and IoT integration.
- **Award of Appreciation:** Recognized for distinguished performance in the "Quick Take" event by the Dept. of Applied Sciences & Humanities, JMIT (Nov 2025).
- **Hackathon Excellence:** Participant in **ISRO Bharatiya Antriksh Hackathon** and **DPHB Round-2 Hackathon**, demonstrating rapid prototyping skills under pressure.
- **Certifications:** Cybersecurity (Pregrad, 2024) — Artificial Intelligence (NPTEL, IIT Madras, 2023).
- **Social Impact:** Active organizer of Blood Donation Drives and active member of NGO (NIDU).
